

Biography

Professor Mansoor Nasir received a B.Sc. in Electrical Engineering from University of Cincinnati and a Ph.D. in Bioengineering from the University of California - Berkeley. Thereafter, he pursued research interests, first as a postdoctoral associate, and then as a Research Scientist at the US Naval Research Laboratory in Washington DC. He is currently a faculty member in the Bioengineering Department at Lawrence Technological University. Professor Nasir has several publications in the areas of microfluidics, chemical and biological sensors and MEMS technology.
