Survey on Accomplishment of Program Educational Objectives:

**Question 4:** As a graduate of the Engineering Technology undergraduate program, within a few years of your graduation, you had the ability to:

- **EO-1:** attain gainful employment and practice successfully in appropriate engineering technology or related professions;
- **EO-2:** remain technically current and adapt to rapidly changing technologies through continuous learning and self-improvement;
- **EO-3:** demonstrate independent thinking and function effectively in team-orientated and open-ended activities in an industrial environment;
- **EO-4** communicate effectively and perform ethically and professionally in business, industry, and society.

Figure 6: Alumni who “strongly agree” or “agree” on accomplishment of educational objectives
Job Responsibilities of EET Alumni

- Design (21.6%)
- Troubleshooting (24.3%)
- Product Testing (18.9%)
- Manufacturing (5.4%)
- R&D (2.7%)
- Quality/Reliability (2.7%)
- Consulting (2.7%)
- Field Representative (13.5%)
- Purchasing (0.0%)
- Sales/Marketing (5.4%)
- Supervising/Management (2.7%)
- Other (0.0%)
