Title: (Include the URL for the event)	2024 IEEE Power & Energy Society General Meeting https://pes-gm.org/seattle-2024/
Location(City, State, Country):	Seattle, Washington.
Date(s):	21-25 July 2024
Presentation Confirmation:	Presentation Type <input type="text" value="Talk"/> <input checked="" type="checkbox"/> Provide confirmation of presentation [*] Best Paper Session.pdf (e.g. acceptance letter)
Describe how this presentation will benefit your scholarly work and professional development.	Presenting at the IEEE PES General Meeting significantly benefited my scholarly work and professional development. It provided a platform to receive valuable feedback, improving my research. Sharing my comparative analysis of monofacial and bifacial solar photovoltaic systems highlighted the advantages of bifacial systems. Being selected enhanced my research's visibility and credibility. The conference offered networking opportunities, potentially leading to collaborations. Preparing and delivering a presentation honed my communication skills and built my professional profile. Attending allowed me to meet industry leaders, valuable for career advancement and staying updated on trends. Successfully presenting boosted my confidence and showcased my ability to lead research projects.
