TAKE THE WARRIOR SAFE COURSE – REQUIRED!

https://wayne.edu/coronavirus/

Warrior Safe is Warrior Strong

As we prepare for the fall semester, safety remains our top priority. Learning, working and living on campus look different than in the past, but even though things have changed, we remain committed to our mission. Students will still receive a premier education from Wayne State this fall — whether that instruction occurs on campus, remotely or through a combination of the two — and we will still provide ways for them to maintain vital social connections with their fellow Warriors even when physically distant. This site serves as a guide to help you navigate campus safely.
https://wayne.edu/coronavirus/

While on campus:
- Wear a face mask at all times on campus
- Wash your hands properly and often
- Keep socially distant to each other, including elevators and outside
- Complete the Campus Daily Screener each day

***Mandated influenza vaccines this fall by October 15th for entire WSU community!***
Classroom cleaning supplies available

Library IS open to students: library.wayne.edu
View website to see hours and procedures

Recreation Center IS open (only for immediate WSU community): rfc.wayne.edu

Student Center (and retail) – will be open with social distancing studentcenter.wayne.edu

https://wayne.edu/coronavirus/
How to Contact WSUPD

WSU Police Department (WSUPD)
Dispatch/Emergency number:

313-577-2222

TIP: IF YOU HAVE AN EMERGENCY ON CAMPUS, CALL THE WSU POLICE BEFORE DIALING 911. THE RESPONSE TIME IS FASTER!

• Speak directly to WSUPD dispatcher
• Average response time for non-emergency calls is under 3 minutes
• Average response time for emergency calls is less than 90 seconds
• Can be reached by campus phone, blue light, or your cell phone
How WSUPD Contacts You

Sign up for WSU’s Emergency Broadcast Messaging System to receive important text message alerts from the WSUPD, on your cell phone.

Simply go to: “broadcast.wayne.edu” to sign up

WSUPD website: police.wayne.edu

WINTER CLASS OPTIONS:

4 COURSE MEETING TYPES

- **TRADITIONAL (CLAS)** – Traditional, face-to-face meetings. This will require days/times and room assignments. *(suspended through January 2021)*

- **ONLINE (asynchronous)** – All instruction is online with no specific meeting dates or times. *No rooms, days or times will be assigned*

- **REMOTE (synchronous)** – Online at a specific time along with professor and classmates

- **HYBRID** – Synchronous online sections which do require at least one f2f meeting day/time. *No rooms will be assigned.*
WINTER CLASS OPTIONS:

WHAT COURSES TO TAKE? VIEW DEPARTMENT WEBSITE

SOME NOTED AS CURRICULUM OR PLAN OF WORK

• Courses are usually a combination of core courses and elective classes.
• Electives might be grouped in focus areas.

[QUICK HANDOUT WILL BE POSTED ON THE 'NEWLY ADMITTED GRADUATE STUDENT' WEBPAGE]

EXAMPLE: CHEMICAL ENGINEERING

Chemical Engineering (Combined B.S./M.S. for
This program is designed for individuals who have earned a baccalaureate degree with a minimum grade point average of 3.0. Students are first admitted to the B.S. degree program in chemical engineering and, once admitted, they complete the prerequisites and applicable transfer credit will be

Degree Requirements
A combined total of 66 credits is required: a minimum of 34 credits for the B.S. and 32 credits for the Master's degree. All course work must be completed in accordance with the college governing graduate scholarship and degrees; see section 2.2.3.1 for additional information regarding specific course requirements.

Plan of work
• General M.S. program
• Biomolecular engineering M.S. program
• Nanotechnology M.S. program
• Process engineering and project management M.S. program
• Sustainable engineering M.S. program
• View MS Thesis Timeline.

Remember to attend the department session to learn more about course selection.
BEFORE CLASSES START:

REGISTER FOR AT LEAST ONE CLASS BEFORE CLASSES START

Another resource: How to read your class schedule – from the Registrar’s Office

https://wayne.edu/registrar/schedule/

Website has Sample Schedule-Detailed View and explains the ‘advanced search’ (to search by instructional method) when browsing classes.
BEFORE CLASSES START:

1 – EXPLORE ‘LEARN ANYWHERE’
https://success.wayne.edu/learnanywhere
School of Medicine

BEFORE CLASSES START:

1 – EXPLORE 'LEARN ANYWHERE'
https://success.wayne.edu/learnanywhere

THE EFFECTIVE ONLINE LEARNER

INTRO TO CANVAS
BEFORE CLASSES START:

2) CHECK YOUR WAYNE.EDU EMAIL

CONNECT.WAYNE.EDU – LOGIN USING YOUR ACCESSID AND PASSWORD *(STUDENTS ARE IN MANY LISTSERVS!)*

3) CHECK WSU STUDENT COMPUTING & TECHNOLOGY SITE *(Wi-Fi, AccessID, Academic Services, Software & Hardware)*: https://tech.wayne.edu/
BEFORE CLASSES START:

4) ORDER YOUR ONECARD: all-in-one, multipurpose identification and debit card [http://onecard.wayne.edu/]

- Register for classes [https://onecard.wayne.edu/photoupload]
- Log into your OneCard account via Academica [a.wayne.edu]
- Choose “Photo Upload” from menu. Check WSU email for an email saying photo was approved
- Email onecard@wayne.edu to let us know photos was approved and to provide the address where card should be mailed
5) CHECK OUT THE ENGINEERING STUDENT ORGANIZATIONS

http://engineering.wayne.edu/students/organizations.php

COLLEGE OF ENGINEERING STUDENT ORGANIZATIONS (20+):

☑ BOTH DISCIPLINE SPECIFIC & BROAD REACH FOCUS, and COMPETITION TEAMS
☑ ACADEMIC, SOCIAL AND PROFESSIONAL OBJECTIVES

NOT JUST FOR UNDEGRADUATES!

WSU STUDENT ORGANIZATIONS: 400+
2) CHECK YOUR WAYNE.EDU EMAIL

CONNECT.WAYNE.EDU – LOGIN USING YOUR ACCESSID AND PASSWORD

PLEASE PLEASE CHECK YOUR EMAIL REGULARLY!

WHY?

YOU WILL SEE INVITATIONS TO PARTICIPATE (ACADEMIC, PROFESSIONAL AND SOCIAL) AND BE AWARE OF LATEST AND GREATEST OPPORTUNITIES...SUCH AS.....
Virtual Desktop Infrastructure (VDI)

- Allows COE to host all of the processing of our resource intensive software from a computing cluster
- Allows the student to run the software without installing anything on their personal computer!
- **Go to** https://vlab.eng.wayne.edu

- The main difference between the two options is that the client allows you to redirect your physical USB ports on your computer so that you can make local devices (USB drives, printers, instrumentation, etc.) work with the virtual machine.
Winter 2021: Technical skill class – 1 credit

Data Science Life Cycle Management, led by Dr. Nabil Raad, Vice President – Data Science, GM Financial
(1 credit class). Tuesdays 6:30 – 7:20 PM (Online) 1/12/2021 - 4/20/2021
All MS/PhD engineering students eligible

This course provides real-life scenarios to help develop skills for delivering business value through Data Science projects. It uncovers the social and technical dynamics that either impede or facilitate Data Science project success. The course provides lessons learned from industry to better prepare students for a successful career in Data Science or Data Engineering. It introduces Data Science Life Cycle management as an adaptable process for the design, development, and deployment of Data Science projects under different business contexts. The audience of this course are junior-level students or above, practicing Data Scientists, and business professionals interested in implementing Data Science solutions.

Training in Responsible Conduct of Research (RCR) practices is a MANDATORY requirement for all first year PhD students.

PhD students must enroll in the RCR training course, GS 0900 titled, "Essential Research Practices: Responsible Conduct of Research" during your first term. CRN: 25198

All PhD scholars are required to complete this virtual workshop during the term they register for course*

  • Winter 2021 Term – Workshop is ASYNCRONOUS and totally ONLINE

More information is available at https://gradschool.wayne.edu/phd/research-conduct
Wayne State University: Mission Statement

We will create and advance knowledge, prepare a diverse student body to thrive, and positively impact local and global communities.

Explore the University Resources: Academic, Professional, Recreational, Community Engagement, Personal....
Imagine being thrust into the forefront of a resolve to environmental, health and societal challenges facing today’s society, cutting-edge research in connectivity and mobility; safety; the environment; traffic management; and computing.

These projects — and many more within our 50-plus engineering programs — are an opportunity to improve quality of life and the kind of hands-on learning you'll find at a university like Wayne State.

Completed by Student and Reviewed by Faculty Advisor & GPD
The Graduate School oversees the Ph.D. process from admission to completion. Below is a stepwise path to your Ph.D. completion that include:

- Departmental orientation and advising
- Annual Individual Development Plan (IDP) available March 1
- Annual review
- Responsible Conduct for Research virtual Canvas course winter 2021
- Plan of Work submission prior to completing 40 credits of coursework (paper, not Degree Works)
- Qualifying examination/oral examination
- Candidacy and dissertation registration
- Dissertation prospectus and advisory committee
- Dissertation defense

• The PhD is expected to be **completed within 7 years**. Under extenuating circumstances, time exceptions may be granted. [https://bulletins.wayne.edu/graduate/general-information/degree-certificate-requirements/](https://bulletins.wayne.edu/graduate/general-information/degree-certificate-requirements/)
• For more information on the Ph.D. process, including requirements, policies and procedures, guidelines and forms for completing a Ph.D. program visit [https://gradschool.wayne.edu/students/phd](https://gradschool.wayne.edu/students/phd)
• For Ph.D. forms, visit [https://gradschool.wayne.edu/students/phd/forms.](https://gradschool.wayne.edu/students/phd/forms.)
• Graduate School email: gradschool@wayne.edu
• Provides coaching and mentoring to students, alumni, and faculty who have innovative ideas with market potential
• Hosts design and pitch competitions; educational programming
• Individuals can apply for start-up funds to help with their ventures
• Has provided funding to over 15 start-ups in 4 years
